ANNUAL REPORT

NINETEENTH ANNUAL REPORT

OF THE

BOARD OF MANAGERS

OF

The Presbyterian Hospital

OF THE

CITY OF CHICAGO

CHICAGO, April 14, 1902.

To the Members of this Society:

As the Annual Meeting approaches we find many reasons for thankfulness and encouragement. We have not realized all our hopes, and the Hospital income has not increased as desired, still we must take into consideration the fact that the Hospital was without a Superintendent for over two years, and in consequence many things suffered for want of repair. It would have been economy if they could have been kept in good order. Various articles and appliances had given out, making it a necessity to repair them, for hospital equipment must be as complete as possible and of the best. Under Dr. Nesmith's efficient supervision this has been done, and the work of the present will prove forethought for the future. We are pleased to report that the Hospital has cared for more patients during the past year than during any previous year.

We gratefully acknowledge the following bequests that have come to us from the estates of friends who knew the needs of the Hospital:

Aurelia R. King.....	\$ 1,000
A. C. Huston.....	2,000
Huntington W. Jackson.....	1,000
Mrs. Sarah Miller Keith, for endowment of room in memory of Abijah Keith.....	10,000
Francis King and Mrs. Cyrus M. Bentley for endowment of a room in memory of Aurelia R. King.....	10,000
From one of our Board of Managers, Mr. Lafayette McWilliams, for endowment of a free bed.....	5,000

Some time ago the Chicago Presbytery appointed Easter Sunday of each year as "Hospital Sunday," and recommended that collections be taken upon that day in all our Churches for the benefit of the Hospital. These collections have been taken three times. The offering last year amounted to nearly \$6,500, which was about the same as the offering for the previous year. We have not yet received returns for this year. It does not seem unreasonable to hope that the contributions from this source may reach \$15,000 annually, and we trust another year will bring us nearer the desired figures.

Through the generosity of Mr. and Mrs. Harold F. McCormick a Memorial Institute for the care and study of infectious diseases has been established in the city. In January an arrangement was made by the Hospital with the Trustees of the Memorial Institute for one year whereby the Trustees were given the use of two small brick buildings on Hermitage Avenue, owned by the Hospital; we supplying ten beds for use of patients, together with a house physician, a caretaking corps of three nurses, a cook and a maid. It is a gratification to report that the buildings were turned over to the Trustees of this Institute on February 1st, in the very best of condition and suitably furnished, thanks to the energetic efforts of Dr. Nesmith and Miss Riedle; and that the work in this quarter has been successful, for while the beds have been occupied most of the time, no case has been fatal. The Hospital will, with the general public, reap the benefit of this more thorough, scientific investigation of diseases that have taken the lives or disabled so many thousands of children and adults.

The Maternity wing, which we hoped would have been made possible before this, stands in the future too vaguely to satisfy the friends of our Hospital. It is needed very much, as it was a year ago, but Mrs. Cyrus H. McCormick's gift has not been supplemented by any definite amount, and until that \$40,000 is more than doubled it would be unwise to lay the foundation for the building. The money promised and the urgent need for this action should be an incentive to those who can in any way contribute to the sum required.

A new ward building would also be of great advantage, as the Jones building could be divided into smaller rooms for which patients would pay and which would increase the revenue that is entirely inadequate for the increasing demands.

During the year we have recorded with sorrow the loss, by death, of two of the Hospital's loyal friends, William C. Gray, Ph.D., and Dr. Christian Fenger. Dr. Gray, editor of the "Interior," and for many years one of our Board of Managers, gave much time and thought to the Hospital work, and his paper was always ready to give the Hospital its hearty support. His practical interest and friendship will long be missed by all those who were associated with him in this philanthropic cause.

By the death of Dr. Fenger the Hospital has lost one of its most able, conscientious and successful surgeons, and this loss affects not only the Hospital but city and country, where confidence in Dr. Fenger was so deservedly given.

Our thanks are extended to the members of the Medical Board for their unremitting labor and skill. To Dr. Nesmith for his able supervision at a trying time; to Miss Riedle, whose fourteen years of constant and competent management taxed her strength so that the Board of Managers were pleased to express their appreciation of her services by giving her a three months' vacation; and to the

Hospital's staff, nurses and employes for the faithful performance of their several duties. We extend a grateful recognition to the Ladies' Aid Society, Mrs. Chas. D. Hamill, President, for its strong and faithful support, and to the many friends of the Hospital who have remembered it in numerous ways.

ERNEST A. HAMILL,
President.

CHICAGO, April 14, 1902.

To the Board of Managers, Presbyterian Hospital, Chicago :

GENTLEMEN:—In compliance with the usual custom, permit me to hand you, herewith, the nineteenth annual report of the work of this institution during the past fiscal year which ended March 31. The work of the institution during this period has been replete with usefulness in all directions, as is shown by consulting the various reports from these departments.

This institution first began to receive patients in 1883, and up to the close of last year there have been admitted 29,971 patients for care and treatment. Last year shows a record of 2,577, which is an increase of 114 cases over any previous year. The total days of treatment were 71,278, of which number 22,753 were full pay, 28,190 part pay, and 20,335 entirely free. In this connection it might be well to add that 577 dressings were given absolutely free to patients that had been discharged at a cost of \$288.50, as these patients were unable to pay for the same. The daily average of free patients was 55+. Of the cases admitted (2,577) 59%+ were free and part pay, 40%+ *only* paying for full care.

On February 1st the Hospital opened its doors for the reception of patients suffering from minor contagious diseases, and has treated up to March 31st twenty-one cases, all of which recovered and without complications. In this connection we feel that especial commendation should be given to the donors of this fund, which has enabled this work to be carried on in a thorough and scientific manner, the object being to ascertain the very latest and best methods of treating these diseases which make such inroads upon the lives particularly of children. The matter has just been brought to my notice that along these lines the funds are forthcoming for the scientific investigation of the value of X-ray work in the treatment of malignant diseases, and it is my earnest hope that this institution may be among the first to put forth every effort to ascertain the value of the various investigations which are now of so much interest to the entire world.

The year has closed without any very large or conspicuous endowments. Nevertheless we have intimations of especial interest from various sources.

The current repairs have been unusually heavy, but I feel free to say that the outlay has been not only necessary but wisely expended.

We miss from our ranks very deeply and sincerely in the Board of Managers the late Rev. Dr. William C. Gray, and in the Medical Staff the noted Dr. Christian Fenger. Both lives were of especial value not only to this institution but to the world at large, and our earnest sympathy is extended to their families.

The principal improvement to the appearance of the grounds has been the addition of a handsome brick wall eight feet high on the Hermitage avenue and Congress street sides of the grounds. This furnishes ample room for recreation for the patients, and where they will be always comfortable and free to go and come

as they wish. I beg to extend my hearty thanks to all who were so kind as to contribute for this purpose.

In the recent erection of the addition to the Rush Medical College, the Hospital will have the benefit of two extra amphitheaters, one for the treatment of surgical and the other for medical cases, making the total facilities of the Hospital three operating rooms and two rooms especially designed for making diagnoses.

The Ladies' Aid Society have given us their usual cordial and hearty support. Through them we have been able to beautify the west and north fronts of the Hospital grounds by the addition of several handsome trees. To them also we are indebted for the usual house furnishings for the various branches of the work.

The humane and scientific work of this institution go hand in hand as usual. The needs for accomplishing the vast amount of work which this Hospital could do are only curtailed by reason of the insufficient number of buildings.

No free applicant has been refused as a patient during the last year, while the rejection of paying patients has become a daily occurrence for lack of rooms.

I wish to extend to the various heads of the departments my hearty thanks for their untiring energy and interest in the well ordering of this Hospital.

Very respectfully,

FRANCIS M. NESMITH, M.D.,

Superintendent.

LADIES' AID SOCIETY
OF THE PRESBYTERIAN HOSPITAL

REPORT OF THE SECRETARY FOR THE YEAR ENDING
MARCH 31, 1902.

For the year ending March 31, 1902, your Secretary would report in addition to the annual meeting in April, nine regular meetings, none being held in July and August, and the same number of meetings of the Executive Committee. Eighteen new members have been added and fifteen resignations accepted, and while the number added was less than the previous year and the resignations more, the average attendance was better, forty-eight and a fraction, with a present membership of 135. Five members have been present at every meeting during the year. Since the last regular meeting of the Society, one of its members, Mrs. Derr, of the Jefferson Park Church, has entered the higher service for the Master, and in her death the Hospital loses a most earnest and faithful worker.

Respectfully submitted,

MRS. J. E. DOWNS,
Secretary.

REPORT OF LIBRARY COMMITTEE

The Library Committee would report that during the past fiscal year twelve meetings have been held. The average attendance of the Committee has been five, the largest number present at any meeting being eight, and the smallest two.

The book cases on five floors of the main building, and those in the outside wards, have been kept in running order. Incident to this, 912 books have been covered. Three hundred and eighty-two books have been received, besides paper books, children's books, magazines and papers. Ten dollars has been donated, with which ten books have been purchased. The Board of the Ladies' Aid gave its annual gift of \$10.00, which has been used for book covers and incidentals.

The Committee takes great pleasure in thanking all those who by their gifts or interest in this work have been helpful in ministering to the sick.

Respectfully submitted,

ROSE B. MASON,

Chairman.

REPORT OF DEVOTIONAL COMMITTEE

The Devotional and Visiting Committees form a large party of ladies, who in their several ways, have endeavored to administer cheer and comfort to the sick and afflicted in the wards of the Hospital. *This* work cannot be exemplified by statistics; it is purely humanitarian and philanthropic, representative of that highest environment for which the Presbyterian Hospital is noted.

"Sick, and ye visited me." For these lonely ones, shut in and shut out from the world's activities, the friendly visit is welcomed with enthusiasm. We earnestly appeal for more kindly sympathetic callers, bringing the brightness and aliveness of the outer world to the kindred human souls prostrate and helpless and sad. To make others happy, to break the dreary monotony of sickness, to leave a sunbeam of inspiration, to light the life that now is irritating the futurity of eternity, to these aims all may aspire.

We crave the friends who give us smiles for tears, heart cheer for home sickness, sunbeams for clouds, and tint with rosy hues of hope our daily calendar.

Respectfully submitted,

HENRIETTA E. DAY.
